

Client Status Report
For
North Coast Railroad Authority
(NCRA)

March – April 2018

Prepared by Mike Dannelly
*as of May 2, 2018

Summary

Since 2013, FEC Real Estate Services (FEC), formerly Parallel Infrastructure, has successfully generated over \$283K in revenue for NCRA’s Right of Way (ROW) portfolio. FEC continues to pursue prospective opportunities which could generate over \$30K in new income.

Areas of potential interest are listed below:

- Recology Inc. has agreed to pay a onetime license fee of \$25,000 for an “at grade” crossing located in Samoa (MP 300.9). The license agreement has been tendered and is awaiting execution. Recology’s legal department is still desiring to change some indemnification terms of the agreement and has been in discussion with FEC. FEC has informed NCRA’s legal counsel of Recology’s desired changes.
- NCRA executed a multi utility crossing agreement with The City of Ukiah A payment of \$25,000 was paid in exchange for a ten (10) year utility crossing license that will incorporate three (3) subgrade water pipe crossings, between Milepost 110.69 and 111.14.
- FEC has been talking with Wooster Energy Engineering Services about the possibility of setting up solar power energy production operations on NCRA Right of Way owned properties.
- FEC is tasked by NCRA to work with Willits Redwood Company to amend their property lease. The agreement is scheduled to be completed in May.

Current Account Metrics

	Surface	Utility*	Total
Prioritized Encroachments	181	180	361
