

MEMO

To: NCRA Board of Directors

From: Executive Director Stogner

Date: January 9, 2019

Subject: **Agenda Item F.4 – Discussion and Possible Action Regarding City of Eureka Community Art Program**

The City of Eureka has requested NCRA permission to expand its utility box art program to include NCRA owned utility boxes. This is a collaborative program with Caltrans which allows local artists to paint utility boxes within the city through sponsorship funding from local businesses. These efforts have reduced graffiti and vandalism of city property.

Staff Recommendation:

Grant the City of Eureka permission to expand its art program to include NCRA owned utility boxes. Lisa Savage of the City of Eureka is here to answer any questions that the Board may have.
